Mr

[REDACTED]

Dear Sir

The Federal Office for Migration and Refugees has recognised your right to asylum or has granted you refugee status or the right to subsidiary protection.

You will soon receive a letter from us with an appointment to personally present yourself to the Berlin Foreigners' Registration Office, during which your electronic residency permit and your travel identification will be ordered for you.

It is not necessary for you to present yourself personally to the Berlin Foreigners' Registration Office beforehand.

This letter is valid as confirmation of your granted right to stay within the territory of the Federal Republic of Germany and is valid in conjunction with the residency permit most recently issued to you. You are permitted to enter into any form of employment or occupation. However, this letter does not enable you to re-enter the Federal Republic of Germany following departure.

Yours faithfully

Foreigners' Registration Office
